

Warehouse Accelerator

What is Warehouse Accelerator?

Warehouse Accelerator is an IFS Cloud plugin from Muzulu. It enhances and streamlines warehouse management by making it easier to set IFS Cloud up for warehouse use.

It also connects IFS Cloud to BarTender, a leading labelling software tool with a comprehensive range of label design tools, and comes equipped with preconfigured warehouse tasks – including stock counts, inventory, packaging and dispatch – making IFS Cloud quick and simple to deploy in a warehouse.

What are the main benefits of Warehouse Accelerator?

Warehouse Accelerator offers numerous benefits to businesses in the warehousing sector. These include:

Simplified warehouse management, with preconfigured tasks in IFS Cloud for streamlined processes on the warehouse floor

Integrated labelling and barcoding with BarTender

Enhanced efficiency, accuracy and compliance in labelling processes

Easy and quick to deploy, with a prebuilt connector between IFS Cloud and BarTender

What features does Warehouse Accelerator offer?

Warehouse Accelerator makes it simpler and quicker to configure IFS Cloud for use in a warehouse environment. This, in turn, streamlines the warehouse management process, supporting your business as it expands and keeping your customers happy.

Key features of Muzulu's Warehouse Accelerator plugin include:

Integrating IFS Cloud with BarTender

Warehouse Accelerator integrates IFS Cloud with BarTender, the leading barcoding, label printing and design software solution. BarTender provides a variety of easy-to-use tools, including 3D barcoding and QR codes.

Sets up IFS Cloud for warehouse use

Muzulu's Warehouse Accelerator plugin makes it easier to set up IFS Cloud for use in warehouse management, and comes equipped with preconfigured warehouse tasks. It connects IFS Cloud with the production line, with data being passed directly back into IFS Cloud for enhanced real-time visibility.

How much does Warehouse Accelerator cost?

Warehouse Accelerator is available on a per site, monthly or annual subscription basis. Contact the Muzulu team to request pricing information.
